THE FINAL PIECE TO A SUCCESSFUL GLOBAL COMPANY

We are the final peice of the puzzle that will bring saftey and security to the successful company you have worked so hard to build.

Threats to companies today are increasingly complex and intense at a time when business operations are becoming more interrelated. Investment in Security can help significantly reduce a company's vulnerability to the many factors that threaten performance. Manned Security is probably the only true effective form of reducing vandalism, theft and criminal damage to property and aggressive behavior towards staff and service users. Security Services LLC was established specifically to meet this demand by providing a professional, pro-active and consultative service to businesses seeking security solutions that can be relied upon.

At Security Services LLC we provide a comprehensive spectrum of Manned Security Services, as well as local Quality Management. From one man guarding, to a multi-manned security team, Security Services, LLC strives to exceed our customer's expectations. The Service that we provide is based on continuous assessment and improvement. Our Quality Management Systems are audited externally on an annual basis.

Whether Clients require plain clothes or high profile Uniformed Officers, Security Services LLC offers you the choice to support your current in-house team or to provide full Security Management for your facility. Management Planning and operating implementation of full service security assignments can be arranged with little or no disruption to your core business, incorporating Health & Safety responsibilities, uniformed officers, access control, reception security, gatehouse personnel, door supervisors or a myriad of other tasks. We have the experience that ensures the smooth running and continued professional image for your Organization.

At Security Services LLC we believe effective and professional management is critical to a successful security contract. Our guarantee of providing an innovative, targeted security service is integral to every aspect of the business. Integration is the key to our success as we provide a full spectrum of Security Services, LLC.

UNDERSTANDING OUR CLIENTS NEEDS

At Security Services, LLC we realize that if the client's requirements are ever to be met, or even surpassed, then communication between Security Services LLC and our Clients is essential. By promoting the spirit of partnership through regular client liaison meetings, we ensure that every concern and query is dealt with and our service is constantly being updated in line with our client's demands. Also, the use of Security Officer Evaluation Forms and the Quality Service Improvement Program aids our Company in measuring assessment standards. As a result, both parties can

evaluate the efficiency of the service. Continuous service improvement is something we constantly look to achieve through common sense and recognized quality procedures. Security Services LLC believes in forming a unique bond with our Clients which will lead to a long-term beneficial "partnership".

Quality Service Improvement Program

Security Services, LLC Quality Service Specialists perform assessments of every client site annually. Reporting directly to our Vice President of Operations, they prepare reports describing both the strengths and weaknesses of the operation and its compliance with procedures. More importantly, however, they ensure that your specifications and policies are followed. Where deficiencies are identified, the Quality Service Specialist works with the Security Services, LLC General Manager to develop and implement a corrective action plan.

Our Quality Service Specialists are also responsible for the following:

- Review client contracts to insure that all contractual obligations are being satisfied
- Audit for compliance with Security Services, LLC standard operating procedures
- Review and revise post orders
- Meet with clients to review all security issues
- Conduct physical surveys and risk analysis
- Meet with Security Services, LLC area managers to review all site specific training programs and to insure that all security officers are trained accordingly
- Train operational staff, as appropriate, in a manner which will enable them to provide the best possible client service
- Write comprehensive reports on findings and then recommending action plans for later follow-up

Security Services, LLC' Quality Service Program is a commitment to excellence that differentiates us from our competitors. It's a feature that we provide to our customers at no extra charge. With Security Services, LLC Quality Service program, you'll feel secure in knowing that your standards are always met and confident about your security operation.

TRAINING PROGRAMS

At Security Services, LLC we have incorporated what we think is the most advanced training programs in the industry. Each client has specific needs so we customize our training programs for each client. A standard training program for all security officers will not benefit each individual client, so whether your facility is a maximum security prison or a small retail store front, you can rest assured that the security officers protecting your facility are trained for all situations.

Top Concern & Highest Priority

It is a recognized fact that training is a vital determinant in ensuring effective job performance. Therefore, training has always been of top concern and highest priority to Security Services, LLC and a large portion of corporate resources are spent in providing continuous training for Security Services, LLC employees.

Classroom Training Sessions

Security Services, LLC has the most advanced classrooms and on-the-job training programs in the industry. This enables us to meet our own high employee performance standards.

Training Conducted By Executives & Managers

At Security Services, LLC Security, we have our own in-house training program. Every applicant is required to attend a pre-assignment training session and pass a 65 question examination prior to employment. Training is conducted each week in our own classroom and consists of 24 hours of lectures by our Executives and managers including the President. We use only a few short VHS training tapes to magnify certain points.

The curriculum is comprised of the following subjects:

- Administrative and Security Orientation
 - o Authority of the Security Officer
 - o Rules of Evidence
 - o Protection of the Crime Scene
- Self-Defense
- Public Relations
- Method of Patrol
- Communications
- Defensive Driving
- CPR Certified (if required by contract)
- Legal Authority
 - o Elements and Mechanics of Arrest
 - o Search and Seizure
- Courtroom Procedures
- Company Policy and Procedures
- Report Writing
- First Aid
- Fire Prevention
- Uniforms and Equipment

Once the applicant has completed the entry level training, the results of his final examination will determine whether or not he will be hired. When he does become an employee, his performance is continually monitored and evaluated.
